## TOWARDS COMMUNITY LIVING: current realities & future challenges"

Respected colleagues,

I have a great honour to invite You to the Conference "TOWARDS COMMUNITY LIVING: current realities & future challenges" will take place in Skopje on the 7-9 October 2010.

The general goal of the conference will be to facilitate the full inclusion of persons with disabilities in society, in the light of the UN convention on the Rights of Persons with Disabilities.

## Â The

discussions will be based on:

- The specific situation of stakeholders involved in the Disability sector in the different regions of Europe and the challenges they are facing
- The wish to promote, facilitate and enhance cooperation practices among stakeholders of the Disability sector
- The international policies and texts relevant for the sector

Who should attend

- Professionals, service providers
- People with disabilities and their families
- Researchers, educators
- Policy Makers
