

Art workshop for children and adolescents with autism - 30.05.2010

Dear parents, special educators and other colleagues,

I want to inform you that on 30.05.2010 Macedonian Scientific Society for Autism (MSSA) together with the Rotary Club St. "Cyril and Methodius" and PR Agency organize art workshop for children and adolescents with autism on the Faculty of Philosophy in Skopje at 11.00. It will be interesting to see the opportunity for drawing qualities of children with autism, as well as a great opportunity for socializing among the children and their parents. Children in the drawing will have help from artists and special educators. Drawings to be drawn will be framed as pictures and will be sold at auction to the Rotary club. The funds will be obtained from this auction will be used solely for project activities for children with autism. We invite all interested parents, special teachers, artists and journalists to come to the event.

President of MSSA
