

PROGRAM

for the work of the Macedonian Scientific Society for Autism in 2016

During 2016 the Macedonian Scientific Society for Autism plans to perform several activities:

- Education for the parents with children with autism within the project Erasmus plus ESIPP;
- Participating in activities for the International Day of Persons with autism April 2nd;
- Holding tuition in the kindergarten and regular primary schools in the territory of the city of Skopje if necessary in other cities as well in Republic of Macedonia;
- Participation of members of MSSA on project meetings for the Erasmus plus EU project: „ Equality and social inclusion through positive parenting“, while in November we are hosting a conference in which we plan to have more then 100 guests domestic and foreign alike;
- Intensifying the cooperation with the local government, line ministries and the NGO sector;
- Appling for international projects (through funds of EU, USAID and others);
- Anti – Stigmatization campaign to protect the rights of people with autism;
- Defense of several master thesis and one PhD dissertation related with autism by MSSA members;
- Publication at least three papers for autism in foreign journals with an international editorial board;

President of MSSA
Prof. Dr. Vladimir Trajkovski
